## Locals And Personal

### Dominion Day, Tuesday July 1st.

All stores and places of business will be closed.

Pte. T. W. Thompson, of Cappon who has been serving his King and country overseas returned home last Saturday.

A number of our tennis enthusiasts have spent several evenings fixing up the tennis courts which are now in good shape for playing on. So far there is no rush of players.

Wm. Lannon has improved very much the Bank of Hamilton and masonic hall with a coat of paint. Keep up the good work Bill, there are several other buildings on Main street which would be greatly improved by a coat of paint.

"Better Service and More Service" on the Canadian National Railways is reflected in the company's summer change of time which is effective this month. The many and important changes announced will give a passenger service such as the west demands.

Tom Sheppard, a farmer living one mile south of Lufkin, lost his home and contents on Wednesday morning last by fire. It appears that Mrs. Sheppard was milking the cows in the pasture and on her return found the house in flames.

D. Evans Jones, sanitary inspector of the Board of Health, Edmonton, was in town last week inspecting the sanitary conditions in Oyen.

Pte. Thos. Thompson, who has been overseas for the last three years returned home last Saturday. Pte. Thompson enlisted with the 175th Battalion and after his arrival in England was transferred to the Canadian Machine Gun Corp. Previous to enlisting he was farming in the Seal district.

Backward, turn backward, Oh Time, on thy way; give us some rain again, just for one day. Take us back to April and give us a soak. The dust and the heat make each minute an hour; turn a back hand-spring and give us a shower.

This week we are glad to welcome back to our midst Mr. Chas. L. Dunford, who joined up with the 187th Battalion nearly three years ago and now has returned to his old job as editor of The Oyen News.

It takes a rich man to draw a cheque, a pretty girl to draw attention, a horse to draw a buggy, a porous plaster to draw skin, a toper to draw a cork, a free lunch to draw a crowd, and a well displayed advertisement in The Oyen News to draw trade.

A young man wants to know what is the best thing to be done when a person sits down on a custard pie at a picnic. We would advise him to sit still until every one leaves.

S. S. Hedden, proprietor of the Alberta Livery barn, has leased his barn to R. E. Pugh.

# STOCK RUNNING AT LARGE IN MUNI- CIPAL DISTRICTS

Under the provisions of the Municipal District Act, sections 208 to 216 inclusive, authority is given to any municipal district to pass a by-law with reference to stock running at large. By the amendments made to the act at the recent session of the legislature, as the request of the Hon. A. G. Mackay, Minister of Municipal Affairs, any by-law of a municipal district with reference to stock running at large, must be submitted for approval of the minister before it can be advertised as provided for by section 214 of the said act, and any municipal council that is considering the putting into force of a by-law with reference to stock running at large, should be careful to see that they have the necessary approval endorsed on a certified copy of their by-law before it is advertised. This amendment was added for not because it was desired to interfere in any way with the business of the municipal districts, but for the purpose of protecting municipal districts as far as possible, from trying to enforce a by-law which would be illegal, and which would get them into trouble. The following is a copy of the model form of by-law which is being sent out to the municipalities under the instructions of the minister, so that they may draw up their by-law in accordance therewith.

By-law No. ....  
"A by-law of the municipal district of ..... No. .... for restraining animals at large.

"1. No horse, etc. (describe animals to be affected), the property of any person, resident or non-resident, within the said municipal district, of ..... Co., shall at any time be at large in that part of the said municipal district, particularly described as follows: ..... (If it is not desired to restrain animals from running at large in any part of the district, use the words "in any part of the said municipal district") If during certain months of the year, substitute particular months for the words at the end of the clause.

"2. An animal at large shall be deemed to be any animal not under direct control of the owner or someone acting under his authority, or left unattended within any building or fence.

"3. Any animal at large contrary to the provisions of this by-law may be restrained in the manner herein provided for.

"4. Fences shall be established as follows: Location of ponds and areas of country shall be as follows:

"5. Any fence conforming with the provisions of the fence ordinance shall be deemed to be a lawful fence for the municipal district, and the owner thereof shall be deemed to be a lawful fence.

"6. No animal, including any horse, shall be allowed to run at large in any part of the said municipal district, and any animal so running shall be liable to be seized by the municipal district, and the owner thereof shall be deemed to be a lawful fence.

"7. The provisions of sections 208 to 216 inclusive of the Municipal District Act, shall be deemed to be incorporated in and form part of this by-law.

"8. Any person who contravenes or fails to comply with the provisions of this by-law, shall be liable to a fine not exceeding \$100 and costs, and in default of payment, forthwith after conviction, shall be liable to imprisonment with or without hard labor for a period not exceeding thirty days, unless such fine and costs, including the costs of conviction, are sooner paid.

Referring to this model form of by-law, the following points should be carefully noted:

Section 1 refers to "resident or non-resident." It is desired to make the by-law apply to non-residents only, the necessary change should be made.

Section 6 provides for the making of the number of cattle or horses or sheep that a man owning land within the municipal district may be allowed to run at large. The question of the number that may be allowed to run at large in any municipal district, may with the council of the district, but no provision can be made in the by-law so as to allow the owner of land to have more than 100 cattle or horses or sheep running at large in each quarter section of land in one municipal district owned by him. It is, of course, in his mind that it is the necessary for the municipal council to deal with this point at all times they are dealing with it.

It is important that the provisions of the act in regard to advertising of the by-law should be carefully followed; that is, that any by-law with reference to stock running at large, which the council of the district intends putting into operation, should be approved by the minister, be certified by notice in some newspaper published in the municipality, or in some newspaper having a circulation therein. Oyen Defeats Cereal on their Own Ground

With a final score of 16 runs to 6, Oyen Baseball players defeated,—or rather routed—the Cereal club on the grounds of the latter on Friday last.

From the onlookers' point of view the game was disappointing and lacking in interest. Cereal were badly at sea most of the game, and if our own boys had shown anything like their usual form the score would have been nearer 60 to 6 at the finish of the game.

For the first few innings the game sea-sawed back and forth, Oyen holding a lead of one run but never increasing it, until Cereal had notched their sixth and last run, and thereafter the game took on a comedy element and the visitors "treated 'em rough" so to speak. Anyway, Oyen won.

The Electric Light Company wish to advise light users that owing to strike conditions at the coal mines they are unable to get coal and will likely have to shut down the plant on Monday or Tuesday of next week, until such time as coal is again available.

About twenty-one members of the Oyen Lodge No. 16 of Knights Pythias visited the Sibbald Lodge on Monday evening and assisted in putting on degree work. After the lodge meeting the visiting brethren were entertained and given a good time.
